**** END of HZM3.9NB1 (Voltage compensation zener diode)
*           IS: Saturation current, Unit:A
*           CJO: Junction capacitance, Unit:F
*           TT: Transit time, Unit: sec
*           BV: Rev.breakdown voltage, Unit:V
*           XTI: Isat temperature exp.
*           RS: Ohmic resistance, Unit: Ohm
*           M: Geading coefficient
*           EG: Activation energy, Unit:Ve
*           IBV: I at V-breakdown, Unit:A
*           KF: Flicker noise coefficient
*           N: Emission coefficient
*           VJ: Junction potential, Unit:V
*           FC: Depretion cap. Coefficient
*           AF: Flicker noise exp.
